

Oct 19  
also a meeting, sponsored by the Newark  
Evening News & the N.Y. Council of the U. N.

Dr Phillips explained that Urban Manor  
is not a segregated project although the  
public may have reached that conclusion  
from the newspaper account of the opening.

In the brief discussion which followed  
it was felt that the Housing Authority  
should be commended on its resolution  
to abolish segregation, also that a public  
letter be written.

Motion to this effect by Mr. P. Jones, seconded  
and carried.

Mrs Malone reporting for the Building Com.  
stated that insurance now covered both  
building and furnishings. There will be a  
tax hearing on the morning of Sept 20th with  
Mr. Edmund representing the League.

Dr Parker stated that the annual public  
meeting has been deferred until next year.  
Open House will be observed Oct 11 3-6 P.M.  
visitation 4:30 M. program and dedication  
with Mr. Granger as main speaker. This  
occasion will serve as the opening of  
the membership drive.

The League has been asked to  
sponsor a Harmon Foundation Exhibit,  
the money to come from cooperation of  
local organizations.

After a rather lengthy discussion

as to the advisability of the League's sponsoring such an exhibit, two ways of presentation were suggested: a) In the schools thru the Inter-group Council and thru the Civil Rights Commission; b) With the League as co-sponsor to be shown during the Vocational Education campaign.

Attention was called to a derogatory article appearing in a local weekly paper. After lengthy discussion, motion was made by Mrs. Malone, seconded by Mrs. Shannon that the article be turned over to the Industrial Relations Com. and any action be recommended by this Com. to the Board.

There being no further <sup>business</sup> discussion, the meeting was adjourned.

Respectfully submitted,

With profound sorrow the Board of Directors of the Urban League of Essex County record the death of one of its best friends, Dr. William H. Washington. Dr. Washington had served on the Board of Directors since 1942. He was always ready to support the program of the League with material contributions not only that but he was liberal in the matter of time given for council and deliberation. He was able to secure for the League many friends who were influenced

by his sincere interpretation of the work.  
With the cause of our loss we might  
deeply sympathize for the members of his  
family.
